

## Discovering that your daughter has Autistic Spectrum Disorder (ASD)

Girls can be diagnosed with ASDs later than boys, often delaying getting support.

I am exploring how parent's come to understand their daughters' behaviours as requiring professional help.

**If you have a daughter with a diagnosis of Autistic Spectrum Disorder (ASD), you can help us to understand this process.**

**If you are interested in finding out more please contact me, Natalie at [n.kseib@surrey.ac.uk](mailto:n.kseib@surrey.ac.uk)**
