

Getting the best Education Health and Care Plan (EHCP)

A SEMINAR FOR PARENTS, CARERS AND PROFESSIONALS
Tuesday 20th February 2018 in central London

Action for Kids, together with the Advocacy and Support Partnership, and leading law firm Irwin Mitchell, are delighted to present a series of flagship seminars for parents, carers and professionals, which will cover issues related to special educational needs and disabilities.

Seminars are only £15 (including lunch) for parents and carers and can be booked using the links below.

Education Health and Care Plans (EHCPs) have replaced Statements. All children and young people with a statement of SEND should have been reassessed for a plan.

- Who is entitled to an EHCP, how do you obtain one? What rights do you have to appeal decisions?
- What content should be in an EHCP?
- What is an 'outcome' and how should it be described?
- How do you ensure the voices of pupils and students are evidenced?
- Innovative ways to use EHCPs in transition.

Hear lawyers and education specialists answer these questions and more, talk you through the process and provide exciting ideas.

Sign up by clicking here: or email Alex Johnson at info@advocacyandsupport.co.uk
