Independent Support

Our Independent Supporters are trained to help families and young people through the new Education, Health and Care Plan assessment; planning and development process.

Our approach is to provide support which is flexible to meet your family's individual needs that includes offering advice on the telephone, face to face meetings, including home visits and joining you when attending meetings in schools or with other professionals.

Our Independent Supporters have completed accredited training provided by the Council for Disabled Children. They receive regular on going support and supervision.
